

Safe management of Hazardous DEA Controlled Substances

HOW TO DISPOSE OF DEA CONTROLLED HAZARDOUS PHARMACEUTICAL WASTE IN A HOSPITAL:

1  **Dispose of DEA Controlled Hazardous Pharmaceuticals in a Secure a Drug Container.**

2  **Continue to fill the container until contents reach two inches from the top.**

3  **Once full, secure the container lid ready for disposal.**

4  **Dispose of the sealed Secure a Drug container into a black RCRA hazardous waste bin.**

5  **Full RCRA Hazardous Waste bins must be securely stored ready for waste collection by an authorized hazardous waste transporter.**

6  **Hazardous Waste materials are manifested and sent to a licensed incinerator.**

7  **A Certificate of Destruction (COD) is issued.**

*Ensure labeling follows the state guidance under which your facility is governed.
