

# Is your Secure a Drug container safely secured?

**You've already taken the first step to promoting safe pharmaceutical waste disposal by implementing the use of Secure a Drug.** This program is aimed at being effective to guard against theft and diversion of controlled substances.

To effectively protect your staff and patients, the containers must be secured in a manner that prevents unauthorized access to their contents. An easy and reliable solution to ensure security is mounting your SAD container with the appropriate locking bracket option.

## MOUNTING OPTIONS
